Interests and Hobbies

Studying

I like to study a varied spectrum of subjects, ranging from Philosophy, Psychology, Politics, Medical-Biology, Brain and Cognition to Constructed Languages, Religions, Mythology, Comics, and rarely, Novels at all.

Photography
I mostly do macro-shots with controlled depth of field, color-tuned longshot landscapes, panorama, spontaneous and still life. Have interests in experimental photography; High-Speed/Long-Exposure /Time-Lapse, Infrared/Ultraviolet, HDR are my favorites.
